

BIOLOGICAL MIXING BOWL

The mixing happens @ different times.

The INTENSITY EXPLOSIVITY the IMPACT is New!

We don't "SCREEN" as we did before. From the Jungle to New York in 10 hours.

We need to address BUSINESS Leaders → so they can understand these issues. We need EDUCATION and AWARENESS.

In the past we had certain FILTERS... now in the Democratic World there needs to be a change.

Today We are living in a Small World w/a large mixing Bowl. - How fast it churns is another issue.

Breaking Down of Barriers.

We need the Break...

What is the MAGNITUDE → SIZE of the Mixing Bowl.

The Speed of Adaptation!

Mosquitoes. ADAPTATION. EVOLUTIONARY pressures.

It is ONE ISSUE.

MIXING BOWL cont'd.

ECONOMICS

EDUCATION

- our institutional systems are part of the problem.

In order to CATCH UP we have to involve CIVIL SOCIETY.

"CULTURAL FACTORS"

???
Hong-Kong.

We have strengthened:

- Manpower
- Resources
- Isolation
- Detection

We have PUBLIC EDUCATION.

Modifying BEHAVIOURS. FILTERS.

In China we want our food to be Delicious

• Benefits of DELICIOUS

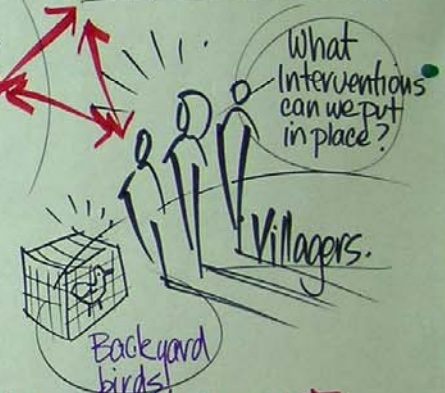

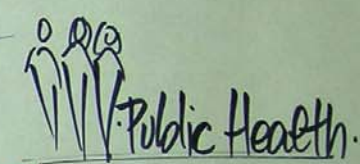

→ Outweigh the Risk of Live Mkts. have all the answers?

→ the people still Buy the chicken and cook it!

COULD NOT BAN

Modifying CURRICULUM. OTHER INFLUENCES!

ETHICS.

Hong Kong made changes!

- Separating Species.
- Cages.

• Hong Kong listened, engaged - achieved different RISK MNGNT. STRATEGY.

ENGAGEMENT.

→ As people move into cities they don't only move their families, they move their animals.

We are talking about CONVERGENCE, but the organisms are already CONVERGING.
