

What are the **INCENTIVES** for People to Report?

LOCAL GOES GLOBAL

Key People!
in across COUNTRIES.

LACK OF LEADERSHIP GLOBALLY.

WHAT ARE THE INCENTIVES FOR PEOPLE TO WORK TOGETHER?

PARTNERSHIPS

- Public
- Private
- Individuals
- COMMUNITIES
- International

WHAT IS CONVERGENCE?

* Our Systems... are they Protecting Us?

Enlightened SELF-INTEREST!

TRANSPARENCY is KEY!

↳ TRANSPARENCY of INFORMATION.

TRUST

IT'S MORE THAN JUST FOOD OR COMMODITIES.

Remodeling the Systems to create common understanding.

- Transparency @ a local level: Knowing where your food comes from.

LOCAL is Better!

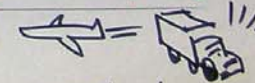

CONVERGENCE NEEDS TO BE TRANSLATED @ LOCAL LEVEL

• People are Moving around the World at great Speed!

TRANSPORTATION OF FOOD.

• Use of FUEL!

Spread of Diseases! across the Planet.

Establishing PARTNERSHIPS
TRANSPARENCY

GOVT.
OPENNESS

Private Sector
TRUST ENLIGHTENED
Self-Interest

Public Sector

COMMON VISION

ONE HEALTH

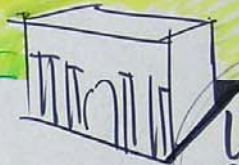

Food Safety

TRANSPARENCY and OPENNESS

Wildlife Perspectives?

How does one validate a Global Supply chain to ensure safe products.

Meeting Standards through a Systematic Approach.

Local Government

Safe Effective trade.

Integrated Economy

Incentive of SOLUTION has to include Locals

Working with Local People

Keep disease out of their Flock!

Good Hygiene Practices.

Education

Bio exclusion Strategies.

Compartmentalization!

VS. ZONING concept

SAFE TRADE (science based)

OIE Safe Effective Trade

We need Global Standards.

Zoning out an infected area.

SAFE PRODUCTS

Taking local to Global -> it's important how we do it.

CONSUMER Trust in Products from certain countries has dropped.

Stovepipe solutions that the World Bank supports, are not used domestically in the countries of origin.
