OUR GOAL: ^{Ability to} INTEGRATE!!

RAPID RESPONSE

MOVEMENT BACK TO NORMAL

* Border Inspections Don't do the Jobs.

* Imported food will always BE a higher Risk than local food.

THERE IS FUNDAMENTAL DISPARITY in the SCOPE of INFLUENCE bet. Veterinarians and Physicians in PUBLIC HEALTH POLICY.

COMMUNICATION.

THE INTER-RELATIONSHIP OF SAFETY NETS.

LACK of INFRASTRUCTURE FUNDING for both DEVELOPED and DEVELOPING COUNTRIES

Governments are increasingly unable to meet disaster response needs of Nations

INTEGRATION

GLOBAL RESPONSE TO EMERGING INFECTIOUS DISEASE & INTENTIONAL/ NATURAL DISASTERS

Need to identify HIGH RISK regions of concentrated animal populations and work to increase Veterinary Capacity.

Need for Better ALIGNMENT - Degree of RESPONSE & Prevention w/ actual Degree of Risk.

Need to Help other Countries Strengthen their SAFETY NETS.

Systems.

Quick & EFFECTIVE MOBILIZATION!

Are Consumers getting SAFE FOOD?

No Health Care System to Mitigate. Risky Jobs

Worker Conditions?? Low Wage, Low Literate. Language Barriers
